

11.3.24

Good morning,

I hope you all had a great weekend - I attempted to do some jobs in the garden but the rain seemed to be on a timer for every time I stepped foot outside!

Firstly, a big well done to all those children who are wearing their **reading karate bands** in school with pride and thanks to all of you who are regularly logging reads. It makes such a difference to children's progress. If you are having any issues with it please let me know and I will make sure I meet with you to get it sorted.

This week we will continue to enjoy, engage and excel in maths by working on our **mass, volume and temperature** unit. The children really enjoyed learning about length and height so I am optimistic that they will also love this unit.

In writing, we continue our Fantastic Mr Fox writing - we are working towards retelling the story with different characters and settings.

It is **Science Week** this week so we will be taking part in lots of exciting activities based around this. We are very lucky to be welcoming a teacher from Redruth school on Thursday who will be hosting an assembly where I am told there will be a few bangs!

On Tuesday and Wednesday this week Amber class will be taught by Mrs Bolt while I take part in Lego League with a group of year 6 children. This is the culmination of months of hard work after school and I know you will all join me in wishing them the best of luck in the regional finals.

Our PE day this week will be **Thursday**.

Have a fantastic week,

Mr Autie
