

Hello everyone,

I hope you have had a wonderful weekend!

This week we will be starting our OutRight campaign, by learning about how climate change threatens children's rights and what's being done around the world to help protect them. We will campaign for change by writing cards to the UK Minister for Energy, Security & Net Zero who will be attending COP28.

Last week, we learnt about what human and physical features are in geography. This week, we will continue our learning by taking a walk around the village to identify some local human and physical features. Please can you ensure that your child wears appropriate footwear and brings a coat into school every day.

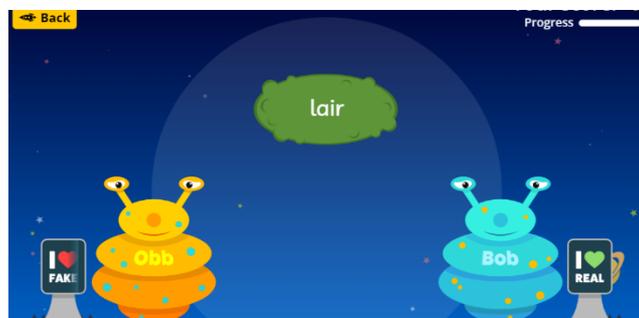

### **Christmas Nativity:**

We are delighted to invite you to our Year 1/EYFS Nativity performance. This will take place on Friday 8<sup>th</sup> December. This week, we will continue to practise our Nativity songs and will finalise the different roles that will be allocated to each child. Thank you!

### **Phonics Screening Mocks:**

This week we will begin our first phonics screening mock test. At the bottom of this email, I have attached a snippet of what the test may look like. In order to support your child, please continue to watch the phonics virtual classroom videos and read with your child daily. The 'Picnic on Pluto' game is also great for identifying real and alien words.

### **Key reminders for this week:**

- PE day will be on Thursday.
- Homework: new phonics homework, spellings and reading with your child (please log this on boomreader).
- Phonics Screening Mocks are taking place this week.
- Walk around village: We are hoping to do this on Tuesday afternoon but this will be weather dependent.
