

## Last Kiss Goodbye

1. I'm writing this my little one [0'16"]  
So you know just how I feel,  
In case I never tell you face to face,  
And as we held each other close  
I thought our hearts would break,  
Our words goodbye were silenced by our tears.

In our last kiss goodbye [0'43"]  
I was telling you that I love you,  
In our last kiss goodbye  
I was telling you that I care.  
Not for that day, not for a year but forever,  
In our last kiss goodbye,  
In our last kiss goodbye.

2. Thank you for your letter, [1'20"]  
I too was being brave,  
The words you wrote to me, I felt the same.  
I'll keep our kiss forever  
And use it now and then,  
For when I fall asleep or hurt myself.

In our last kiss goodbye [1'46"]  
I was telling you that I love you,  
In our last kiss goodbye  
I was telling you that I care.  
Not for that day, not for a year but forever,  
In our last kiss goodbye,  
In our last kiss goodbye.
