

22.1.24

Good morning,

I hope everyone had a great weekend.

This week we will continue to immerse ourselves in our **Barbara Hepworth** topic with lessons in reading, writing, art and history based around her. We will continue learning about her, her life and her art - weaving all of this information together to create non-chronological reports which we will display proudly in school - <https://www.bbc.co.uk/teach/class-clips-video/english-ks1-ks2-how-to-write-a-non-chronological-report/zvbtscw>

In maths, we have now completed our money unit and will move on to multiplication and division today. This unit will see us look at:

- Making groups
- Arrays
- Multiplication sentences
- Odd and even numbers
- Doubling and halving.

It will also look, in detail, at the 2,5 and 10 times table.

This website has lots of helpful information to help you support your child's learning at home - <https://home.oxfordowl.co.uk/maths/primary-multiplication-division/multiplication-division-year-2-age-6-7/>

Part of our school homework expectation is that children log on to Times Table Rockstars each day - this is always important and helps their maths fluency but it is particularly important during this unit to help embed what we are doing in school.

Our PE day this week will be Tuesday.

Thank you, have a great week.

S Autie
Year 2 Teacher
St Day & Carharrack Primary School
