Look at the exciting week of learning we have had! Here's to another one this week!

SAVING OUR PLANET

Huge thanks to the BIFFA team who came to visit St Day and Carharrack on Friday. Reception and KS1 children were thoroughly engaged. We have inspired the next generation of "eco-recycle warriors". They will save our planet learning important lessons at such a young age! We have a few recycling boxes and bags left in the Office if you would like a set.

CELEBRATING GYPSY, ROMA, TRAVELLER HISTORY MONTH

In celebration of Gypsy, Roma, Traveller History Month, we took a friend to the Teyluva Centre and learned about a different culture through displays, music, dancing and a fabulous buffet. We have a 'Where do you Live?' display in KS1 to help children understand the many different places we all call home. We are excited to start a joint art display next week.

YEAR 5 MUSICIANS

Year 5 have been thoroughly committing themselves to our 10 weeks of cornet lessons. Every Friday we are joined by Mrs Munns for a 45 minute lesson who works her music magic! So many of the children who have not played an instrument before are now showing confidence in reading notation and playing in front of others. Destiny says, 'I love playing cornets. I have learned to change my cheek position so that I can play different notes. I can now read all the notes from C to G. I would love to try some different instruments now including the trombone.'

READING RECOMMENDATIONS

Reading assembly is being enjoyed weekly with adults in school sharing their favourite books and stories with the children. A wide range of stories including Dr Seuss (Ms Vallance), Sky Song (Mr Nurton), My Cat Likes to Hide in Boxes (Miss Popperwell), Kensuke's Kingdom (Miss Perkovic), Six Dinner Sid (Ms Storey) have already been shared. Next week Erin from Year 5 is bringing in a favourite to share with us... we are looking forward to that!

RECEPTION CHILDREN – In science learning, we have been learning about the changing

states of chocolate to make chocolate covered strawberries-delicious! Through team-building exercises, the children worked out the best way to move the sand through the school-well done!

MAGIC MATHS DAY

The whole school were treated to a magician coming in on Thursday

We were all amazed by his tricks and amazingly most of them were to do with maths! They were BRILLIANT!

During the day, every class had a chance to be taught magic tricks that were all to do with numbers. We were doing maths without even realising it and everyone enjoyed it!

Jade Year 6

SUNSHINE, SHOWERS, RAIN COATS and WATER BOTTLES- Please can we ask for sun cream to be applied before school and for water bottles, sunhats and **waterproof coats to be in school every day** this week due to various trips and the changeable weather. KS2 don't get caught without your coat! We are hoping to have Coppice Theatre return on a sunny day!

Thank you – The St Day and Carharrack Team

MODERATION of TEACHING and LEARNING

IMAGINATION STATION!

All classes have now had the wonderful opportunity to spend time using equipment from the Imagination Station. We have seen cars, trains, assault courses, tyre jungles and many more creations! The creative minds and teamwork shown has been amazing. I hope that more equipment is going to arrive from BIFFA recycling to add to our Imagination station. Watch this space!
