Vision and Values

We are the **CHANGE-MAKERS** of OUR WORLD!

ENJOYING, ENGAGING, EXCELLING

Happy, healthy children, **enjoying** learning for life - surrounded by kind, respectful relationships and **engaging** in rich learning experiences. **Together** we will enable and encourage **ALL** our children to discover their unique gifts of character, talents and abilities. Our children will enthusiastically contribute to society, **excelling** in all they choose to do. They will communicate confidently, listen openly, think critically and question respectfully – our children will be the responsible **Change-Makers of Our World**.

LIVING OUR VALUES

ENJOYMENT

Laughing - Loving - Learning

ENGAGEMENT

Communicating - Collaborating - Contributing

EXCELLENCE

Be your best - Be even better - Be brilliant

A message from Ms Storey

Looking through all our celebrations for May - we have achieved so much for a small community - huge thanks to our whole staff team for always making so much happen for our children to Enjoy, Engage and Excel in. And thank you parents for all your support.

We must praise our Year 6 children for all their efforts, commitment and focus during SATs week - they all excelled - applying themselves to the best of their abilities. Thank you to Mr Hughes and the team for preparing our children so well. As a few children noted, 'These aren't as hard as the practise tests Mr Hughes has been giving us!'. It has been amazing to take our Year 6s away on camp this week to fully relax and engage in new experiences. A first for St Day and Carharrack - we finally made it to St Agnes on the Isles of Scilly! A brilliant time was had by all - please see our photos!

Our 'Actively Belonging Adventures' begin the first week back for Opal Class - a letter has been sent home today. Please save important dates so you don't miss out. We are particularly excited about our new 'Food Celebration' event in collaboration with Restorative Justice. Have a restful half-term everyone - we are looking forward to more adventures in June and July!

Year 6 Residential 2026 - Isles of Scilly

What a week! Our Year 6 children shone brightly, representing our school on the Isles of Scilly beautifully as they enjoyed, engaged and excelled their way through a week that none of them will ever forget.

From a bumpy crossing - landing in a foggy, windy landscape - to stunning, blue skied paradise on Tresco, they experienced all that Scilly has to offer and absolutely thrived.

With permanent smiles and a determination to join in with everything on offer, they were a credit to our school community and we can't wait for them to share their stories with us!

Well done, Year 6!

Year 6 Residential 2026 - Isles of Scilly

Year 6 Residential 2026 - Isles of Scilly

Year 6 Residential 2026 - Isles of Scilly

What an
AMAZING
week!

Well
done to
our Year
6 and a
huge
thank
you to
the staff
who
made it
possible!

Food Celebration

Half-Term Activity

Children and parents are invited to make a contribution to this wonderful event and get creating (**Article 18 - Responsibility of Parents**). There are three categories to enter: Best Miniature Garden, Best Flower Crown, Best Dressed Cake or Cup Cakes. This would be a brilliant activity to complete over half-term in readiness for the Food Festival.

ST DAY AND CARHARRACK
FOOD CELEBRATION
CELEBRATING 50 YEARS OF
GROWING TOGETHER
*Join us for a joyful celebration of food,
community and connection*
10TH JUNE 3.30PM-5.30PM
St Day & Carharrack Primary School

What's on?

- Food & Craft Stalls
- Singing by School Choir
- Conversations Around Food
- Garden Tours
- Fun Activities for All Ages

Want to run a stall? Contact:
secretary@st-day.cornwall.sch.uk

The poster features a colorful banner at the top and a logo for St Day & Carharrack Primary School in the top right corner. At the bottom, there are logos for 'A1 Working Restorative Approaches to Home' and 'COMMUNITY FUND'.

We are excited to share that SDFC will be hosting a ball-skills event on the field alongside numerous craft and information stalls. We have face-painting, large outdoor games and ice-creams all whilst having a conversation around food in our community. Children will be making their very own pasty to bring to the event too. Save the date in your diary!

News from around the school- Active Outdoors

This month the children have enjoyed the spring sunshine and have created beautiful bookmarks using the Hapa Zome technique to hammer flowers and leaves to create patterns. They have also enjoyed engineering giant marble runs! As always, den building was very popular. Every week the dens have become more complex with some now including gardens and patios!

News from around the school- Active Outdoors

News from around the school- Opal Class

Goats and Chicks

A huge thank you to Ella's mum for bringing in the chicks (which we had in the incubator in class before Easter) for the children to see. They also had the opportunity to meet Jenny the pygmy goat, who was absolutely gorgeous – I think we all wanted to take her home!

As you know, experiences like this really bring learning to life. The children enjoyed talking about animal classification and different types of habitats, linking this to all of our science learning.

News from around the school- Opal Class

A huge thank you to Kerri and Rich (Jimmie's mum and dad) for visiting the children and sharing their wonderful knowledge about bees. The children were fascinated by the beehive and asked so many thoughtful and thought-provoking questions throughout the session. It was fantastic to see the children so fully immersed in their learning. They enjoyed trying on bee suits, crafting beeswax candles, closely examining the wax made by the bees, and observing and handling the "smoker" used by beekeepers to help calm the bees around the hive. To make the experience even sweeter, each child was able to take home a pot of honey! Thank you again, Kerri and Rich, for giving us such an amazing and memorable bee experience.

News from around the school - Emerald Class

This term, Emerald Class have thoroughly enjoyed learning all about plants. We have explored how plants grow and what they need to survive, alongside some exciting hands-on experiences. The children loved planting wildflower seeds outside and have taken great pride in caring for and observing their own seeds growing inside the classroom.

News from around the school- Emerald Class

Seed Detectives!

In Science, we have loved exploring a variety of different seeds. The children have carefully observed and compared different seeds, discussing the similarities and differences between their shapes, sizes, colours and textures.

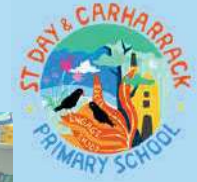

News from around the school - Sapphire Class

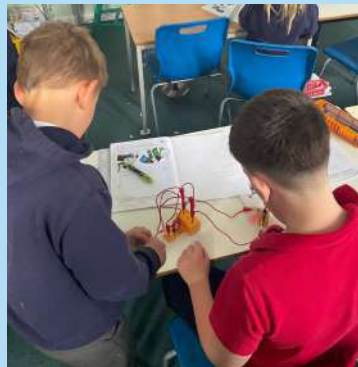

Rounders is our new obsession!
And we're pretty good at it too!

News from around the school - Sapphire Class

Our new science topic is all about electricity, we started off exploring the equipment, challenging the children to light up a light bulb independently, the joy and excitement filled the classroom when they figured it out.

News from around the school - Turquoise Class

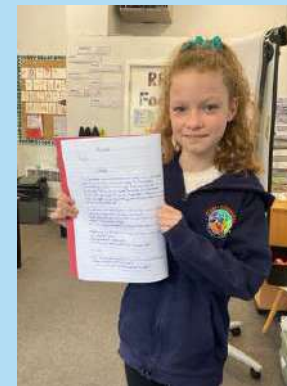

As we're preparing for the Food Festival in June, the Year 5's in Turquoise Class have been chipping away to get the allotment ready. Lots of tidying, planting, watering and litter picking has really improved our outdoor space for everyone to enjoy.

News from around the school - Turquoise Class

A brilliant practical lesson using manipulatives in Maths to really understand angles. This session was all about precision in their measurements and using a protractor successfully. The children went on to learn - if they knew one angle on a straight line, they could work out the missing angle. A little algebra thrown into the mix to really get Year 5's brains thinking.

We've also been very busy writing dialogue to advance action using Matilda as our inspiration. Characterisation has been brilliant as children wrote their most terrible phrases Miss Trunchbull could say to Matilda. For publishing, the children have been typing their stories.

News from around the school - Turquoise Class

A super well done to all our Year 6 children for completing their SATs and having a fabulous 2026 CAMP on the Isles of Scilly. We are very proud of all of you!

News from around the school - Enjoying, Engaging and Excelling Together!

We have been working hard in our maths lessons this week, learning all about doubling and halving. This links in perfectly with fractions and we took the opportunity to do some practical, hands on learning... Otherwise known as having a picnic!

We cut our pizza, crumpets and waffles into halves, quarters and thirds before enjoying some perfectly split muffins for dessert!

News from around the school - Rubik's Cube competition

We love hearing about the brilliant things our children get up to outside of school and this week we were treated to an incredible display during assembly when Jago shared his mind-blowing skills with the whole school.

Jago absolutely loves his Rubik's Cube and in true St Day & Carharrack style he is enjoying, engaging and excelling with it in the most amazing way!

Having perfected his technique he recently attended a competition in Weston-super-Mare where he wowed the judges and made all of us so proud of him.

If you see him out and about with his Rubik's Cube ask for a demonstration and be prepared to be amazed!

News from around the school - Inspirational recycling

As a Gold rights Respecting School, we know the importance of looking after our planet and one of our changemakers has been living our RRS values outside of school!

Aubrey spotted some rubbish blowing around near her house after the recycling van had been round and rather than leaving it behind she was determined to clean it up herself.

This inspiring act of environmental action is exactly the kind of example of the rights in action and we are so proud - well done, Aubrey!

News from around the school - Mini-Medics

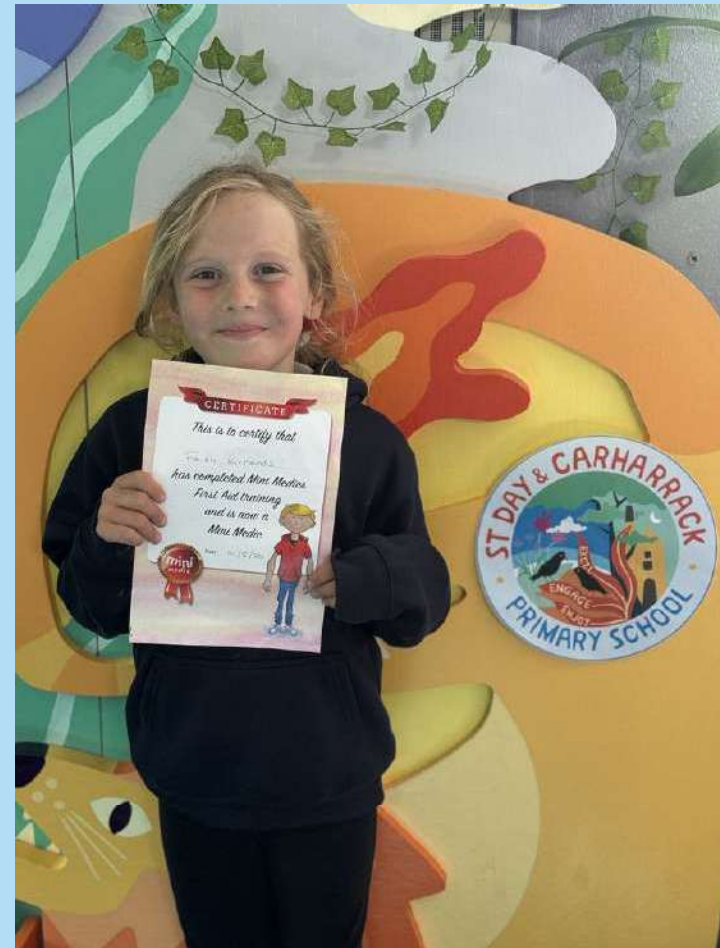

Our children know how important it is to help others in need and that sometimes this help might involve delivering first aid during an emergency.

With this in mind, Faith recently took part in a Mini-Medics course where she learnt all about first aid, including how to carry out CPR, how to tie bandages and lots of other vital skills.

These skills will stay with her for life and help her to step in if needed during an emergency. She even received a certificate to congratulate her on her commitment to being a responsible citizen!

Well done, Faith - we know you will use your new skills responsibly and we are very proud!

St Day Blossail

A celebration of 'Our Community Orchard'.

St Day Blossail was a joyful, vibrant springtime celebration, the weather was just perfect! Musicians played as members of the community of all ages gathered at the landmark St Day Town Clock, ready to dance and sing through the streets of St Day. Participants wore bright spring shades of greens, blues, pinks of floral colours waving colourful ribbons, it was a sight to behold.

We gathered in the orchard to bless the trees, honoured the seasonal cycle of land and gave thanks to Anne Kinnsman for the gift of land. Live music from Tim, Athene and local musicians as we all sang "The St Day Blossail" song. The WAD and Carn Brea Morris performed their dance. Locals of all ages gathered with their blankets, chairs to enjoy homemade cakes, fresh wood fired pizza and local cider listening to the 'Suitcase Singers'. Children lined up to be face painted. And of course, the maypole dance...as we danced the colourful ribbons entwined, united as one.

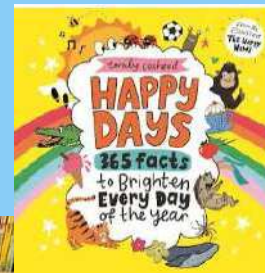

A huge thank you goes out to everyone who attended, performed, volunteered, and brought this day to life. This beautiful celebration is only made possible because of you, your energy and community spirit!

Parent Engagement

Every Child - Every Day - A Reader

We have enjoyed listening to, and sharing a wide range of books in our weekly reading assemblies. The children have joined in by reading some of their favourite stories and poems. We have all particularly enjoyed 'Happy Days 365 facts to brighten your day'. A great book with some hilarious facts that make everyone feel good!

Over half term, please support your child by listening to them read daily and logging reading on to Boom Reader.

Tap here to access our online reading record - Boomreader - <https://parents.goapps.app/>

Parent Engagement - Maths

Are you heading to the beach during half-term? This great activity will allow children to make impressions in the sand and describe the shapes they are making.

Exploring 3D shapes

Children often enjoy making footprints in soft materials.

Adults could use this idea to encourage children to develop an awareness of the faces of 3D shapes.

The Activity

Provide children with soft dough and a selection of small wooden blocks of various shapes. Talk about experiences of making footprints in sand or snow. Encourage children to select a block and press it into the dough to make a 'footprint'. Show how to run a finger around the edge of the impression to feel the perimeter.

Describing

Tell me about what you've made.

Can you see other blocks that might make the same footprint?

Look at the block and the footprint it has made side by side. What's the same and what's different?

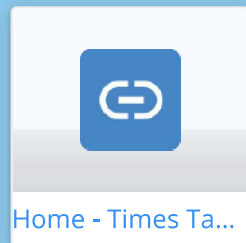

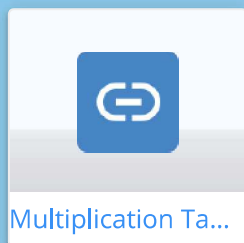

Parent Engagement - Maths

Multiplications

Travelling in the car over half-term? Try this multiplication game. Look at car number plates. Multiply the digits together. This also works for addition too!

$$\begin{array}{r} \text{XX64 XXX} \\ 6 \times 4 = 24 \\ 6 + 4 = 10 \end{array}$$

Support your child with their Multiplication Check in June. Encourage using TopMarks and TTRS to build speed and fluency.

Can you answer these SATs questions?

Look at this equation.

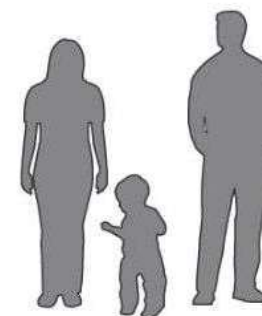

$$3a + 20 = 4a + k$$

If $a = 15$, find the value of k

Freddie is half as tall as his mother.

Freddie is one metre shorter than his father.

Freddie's father is 182 centimetres tall.

How many centimetres tall is Freddie's mother?

cm

esafety Updates

Returning to Spaceport Cornwall on 20th & 21st June 2026, Reach for the Sky is a hands-on festival designed to introduce young people to the exciting worlds of aviation, aerospace and engineering. There will also be plenty of opportunities to make, create and get involved throughout the day, alongside fantastic local food vendors and lots of space for airside picnics.

While TECgirls promotes the festival to encourage more girls into STEM and help tackle the gender gap across these industries, the event is open to everyone and designed to inspire all young people to explore future opportunities in a fun and accessible way.

Toothbrushing advice

Children 0-3 years old

Parents/guardians should brush their children's teeth

- as soon as they erupt
- twice a day, last thing at night and one other occasion
- with a smear of fluoride toothpaste, containing at least 1000ppm fluoride.

Children 3-6 years old

Parents/guardians should brush their children's teeth

- on all tooth surfaces
- twice a day, last thing at night and one other occasion
- with a pea-sized amount of fluoride toothpaste, containing at least 1000ppm fluoride.
- Spit out the toothpaste and not rinse out with water.

Healthy eating

- Introduce a wide variety of solid foods from around the age of 6 months
- Sugar should not be added to food or drinks given to babies and toddlers.
- Minimise amount and frequency of consumption of sugar-containing food and drinks.
- Use sugar-free versions of medicines.
- Avoid sugar-containing foods and drinks at bedtime.
- Children aged 2 to 3 should have no more than 14g of sugar.
- Children aged 4 to 6 should have no more than 19g of sugar.

Tooth eruption

- Baby teeth should start to erupt from around 6 months.
- Should have a total of 20 baby teeth and all erupted by the age of 3.

- If no teeth are present by the age of 12 months then to seek professional advice.

- Baby teeth play a major role in maintaining space for adult teeth.
- First adult molar will erupt from the age of 6.

Did you know?

Enamel, the outer surface of teeth, is the strongest substance in the human body!

Sadly, enamel cannot be healed like broken bones so good oral health is crucial to keep our teeth strong!

First dental appointment

DCby1

As soon as your child gets their first teeth and certainly by their first birthday, take them to the dentist so they become familiar with the experience.

The Dental check by One campaign was established by the British Society of Paediatric Dentistry.
