

## **Georgie Watson Bio**

**(she/her)**

Georgie is a neurodivergent parent of 2 neurodivergent children, who are both currently attending a mainstream primary school here in Cornwall. Alongside her lived experience, she has professional experience in project management for a local parent-focused CIC, chairing a local service-user committee in partnership with local NHS Kernow, patient & public voice expert roles with NHS England, best practice in community engagement & co-production facilitation, and family support during pregnancy, birth & early parenthood. She also has past voluntary experience in primary school governing and community & hospital infant feeding peer support.
